HAPPY TRAILS TO SPARTA

(SPARTA, WI)

WEDNESDAY MAY 19TH, 2021

PER PERSON RATE: \$115

Enjoy the day in Sparta, Wisconsin! Our first stop will be at the **FAST Fiberglass Mold Graveyard**. Littering the field behind the workshop of the giant-building firm you'll find an eerie collection of titanic molds, left over from almost every job they've ever done. FAST specializes in creating giant, eye-grabbing figures and items, the likes of which one might see outside of kitschy roadside restaurants and gas stations across the country. After a job, the company keeps the mold and stores it in the field out back. There are giant skulls and colossal dogs; over-sized Santa Clauses and titanic mice. The fiberglass of the molds has weathered, giving the molds the feeling of ancient stone, as though the yard was left over from some surreal ancient culture. After we explore, we will have lunch at the beautiful **Justin Trails Resort**. After lunch, we will go to the **Wegner Grotto**. Like so many other environmental builders, Paul and Matilda Wegner never had any formal training in art. Their imaginative sculpture environment arose from a powerful personal vision outside the academic tradition of fine art and beyond the ethnic or community traditions of folk art. Transforming ordinary materials into an ambitious series of patriotic and religious monuments, the Wegners created a remarkable "grotto," a fantastic garden of concrete sculpture decorated with thousands of glittering glass shards. After a fun day enjoying the art of Sparta we will make our return home.
